Job Overview: Painter

February 9, 2018

Great first impressions are the specialty of a Painter at S3 Manufacturing. Understanding what goes into high quality finishing, and a passion for providing that finish for our clients on every piece are key qualifications for this position.

Brief Overview

Day to day, a Painter works as part of a team to organize and stage product using an industrial monorail system through the phases of powder coating: sand blasting, washing, application, and baking. Quality inspections are part of every step, with a focus on continuous improvement. An S3 Manufacturing Painter is expected to operate and maintain hand tools and specialty machinery in a safe and efficient manner.

Qualifications

In addition to knowledge and commitment to excellence, we are seeking a finishing specialist with these attributes:

- Minimum of Grade 12 or equivalent education
- Minimum of 2 years of paint and finishing experience; preference given to powder coating
- Basic reading, writing and math skills
- The ability to understand production instructions and drawings
- Strong organizational skills
- A positive attitude

Why Work at S3?

Challenge, variety and opportunities to grow are characteristic of every position at S3. We also provide:

- Competitive salary
- Comprehensive benefits package
- RRSP matching and bonus programs
- Education & wellness allowances
- Respectful work environment
